Cs Key To Success

Riki Tiki Tuff One

Comments: Big strong mare. Quick walk, covers ground. Very soft personality. She's been used a little in feedlot situation when she was younger. Most of her life she's been used on the ranch in big country, a long circlce horse. She has decided that she would rather not rope or get to crowded by cattle. She can run, may run barrels or arena events.

GRADE QH SORREL GELDING

JINX

DOB: 2007

Comments: 2007 grade sorrel gelding Jinx has been owned by us since a weanling and needs more of a job than we can give him at this point in his life. Great with his feet and great to load, and handle, never had him buck but still requires a somewhat confident rider. He has done ranch work and been around cows with no worry, but not consistently. Has been roped off with success but again not consistently. Also been team penning and several trail rides. Has potential
