

CU RANCH

25th Annual Production Sale

90 Black Angus Bulls on Offer

Wednesday **March 28, 2018** @ 1:00 PM
Perlich Bros Auction ~ Lethbridge, AB.

Welcome to the CU Ranch Black Angus Bull Sale!

The Perlich family and staff are proud to conduct the C U Ranch Angus Bull sale for another year.

The Smith family puts a lot of effort into their herd. Their bulls represent their continued effort to raise animals that maintain good health and temperament.

We have only had positive feedback from producers who purchase the C U Ranch Bulls, they have a strong reputation for productivity and performance.

We look forward to working with Rock, Shauna and family this year to provide you with top quality bulls at this year's sale.

Respectfully,

Management and Staff, Perlich Bros Auction Market

TERMS AND CONDITIONS

TERMS: The terms of the sale are cash or cheque and all settlements must be made on sale date.

The right of the property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released.

DISPUTES: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over printed matter in the catalogue.

CERTIFICATE OF REGISTRY OR RECORDATION: A certificate of Registry or Recordation, where applicable, duly transferred will be furnished to the buyer for each animal after settlement has been made.

ACCIDENTS: Although every precaution will be taken to protect the safety and comfort of the buyers, PERLICH BROS. AUCTION MARKET LTD. assume no responsibility in this matter and disclaims any liability legal or otherwise in the event of an accident or loss of property.

MAIL BIDS: Mail or wire bids may be furnished in confidential form to
PERLICH BROS. AUCTION MARKET LTD.
Box 1057, Lethbridge, AB T1J 4A2

LIABILITY: PERLICH BROS. AUCTION MARKET LTD. is acting as agent only in this sale and is not liable in any manner whatsoever for any representations made by the seller. The purchasers must look to the seller for fulfillment of all guarantees and representations made hereunder.

WELCOME!

2018 marks the 27th year in the Registered Angus business for us at C U Ranch. The first 10 years we were exclusively in Montana, and the last 17 primarily in Alberta. Our style of cattle certainly are a reflection of Alberta and Montana genetics and we source most of our herd sires from those two regions.

While our selection process is performance and carcass oriented, maternal qualities are still number one because a sire's daughters will be around for a decade or more. We believe a cow should be productive and trouble free. Replacements are one of the largest expenses in the cow business, after the cost of feed and so longevity is a valuable trait that helps profitability. We appreciate the many breeders and our Angus Associations that have helped move this breed forward. We also appreciate and would like to thank our many customers who have bought our bulls over the past two decades.

Sincerely,
Rock and Shauna Smith and family

Bids may be sent to any of the above representatives.

Cattle will be available for viewing on Wednesday morning, prior to the sale.

All bulls offered in the sale will have passed a semen test and are guaranteed breeders

. All announcements from the auction block take precedence over printed matter.

Scrotal measurements will be available on sale day.

C U Ranch reserves the right to collect semen on any bull in the sale for their own use at their expense and at the buyer's convenience

LEGEND TO PERFORMANCE INFORMATION

BW ----- BIRTH WEIGHT
OCT 13 --WEANING WEIGHT
FEB 19--WEIGHT TAKEN FEB 19
ADG---AVERAGE DAILY GAIN (Oct 13-Feb19)
WDA---WEIGHT PER DAY OF AGE (Feb 19)
365 ADJ----- 365 day adjusted weight

Explanation of EPD (expected progeny differences) terms

BW – predicts the expected difference in the average birth weight of a bulls progeny compared to his contemporaries

WW – predicts the expected difference in the average weaning weight of a bulls progeny compared to his contemporaries

YW – predicts the expected difference in the average yearling weight of a bulls progeny compared to his contemporaries

M (milk) – predicts the milk production of a bulls daughters compared to daughters of other bulls in the data base or the expected difference in weaning weight of calves out of a bulls daughters compared to the weaning weights of calves out of daughters of other bulls in the breed

CED (calving ease direct) the expected difference in ease of calving when bred to first calf heifers – higher number indicates greater calving ease

CEM (calving ease maternal) the expected difference in ease of calving of a bulls daughters compared to other bulls daughters

An impressive Upward son that was purchased from Clear Creek Angus of Chinook Montana. His dam is an easy fleshing cow with an excellent udder. We calved out his first daughters in production this spring and they are excellent. They are full bodied with nice udders and good mothering ability. His sons are thick muscular bulls that wean heavy and perform well on feed.

We selected this Upward bred bull after seeing the beautiful bred heifers by his sire. This bull was our pick of the bulls and his full sister in blood was our pick of the heifers. Upward 99C is very correct and eye appealing and seems to be passing those traits on. We bred this bull to a few heifers last spring. The calves are good sized for being out of heifers and they must be shaped right as we haven't had to assist any heifers to date.

Leupold is out of one of Arntzen's top cows.

He was a high performing bull and sires the same. He and his progeny are thick made and deep with lots of body. He seems to add fleshing ability. We have calved only a few daughters to date and they are good. His sons that are in the sale are all out of two year old heifers and they are excellent.
