ANNUAL PRODUCTION SALE

RED ANGUS • BLACK ANGUS • SIMMENTAL • HYBRID
OPEN HEIFERS • FIRST-CALF HEIFER PAIRS

SATURDAY, MARCH 10, 2018 • AT THE FARM
TABER, AB

LUNCH AT NOON
SALE AT 1:00

Welcome

It is hard to believe it is already sale time again, it seems like not too long ago we were just wrapping things up from our 10th anniversary sale. The summer and fall of 2017 was a tough one with drought, and threats of fires seen across most of the prairies, but we saw many farming communities pull together to help their neighbours out.

It looks like there will be some growth in our industry with heifer calves outselling steer calves at many sales in our area. We really saw the benefits of bringing high quality heifers to town with the prices that breeding heifers were bringing this fall.

As for the family, it was a busy year as always, last June we attended the Canadian Angus Convention in Brandon with Doug & Joyce Allan. Like past conventions a good time was had by all, and we even learned a new thing or two. We finished off June on a very high note with the engagement of Becky to Chad Lorenz. One week later Stacey travelled to Baltimore to do her final presentation to complete her master's degree and add a few letters behind her name. August was the Alberta Angus AGM in Calgary and as always, many deserving awards were handed out. The Alberta Junior Angus Association took this opportunity to thank Carol High for her many years, countless hours, and great dedication to her position as adult advisor. Stacey also received the Hustle of the Herd award for her years on the junior board and her dedication to the pee-wee program.

We headed out on the show road once again this fall and were extremely pleased to have one of our herd sires, Red Wrights by Design 16C, win Reserve Champion Red Angus 2-year-old bull at Farmfair International. In the black division, the partnership with Lorenz Angus on Lorenz Unified 17C paid off as he became the National Champion Black Angus Bull. Unified then went on to be selected as a top 5 qualifier in the 2017 Alberta Supreme and then as a top 10 RBC Supreme Challenge qualifier at Agribition.

The Medicine Hat Pen Show is always a favourite of ours and it was great to be back at it again this year. We were excited to have RED CD Premium 12E chosen as the people's choice bull calf and then selected by Brad Betcker of T Bar Cattle Co. when he won the bull lottery. We were also very pleased to see Kast Ranching win Grand Champion Early Spring Commercial Heifers with heifers sired by CD Land and Cattle Bulls.

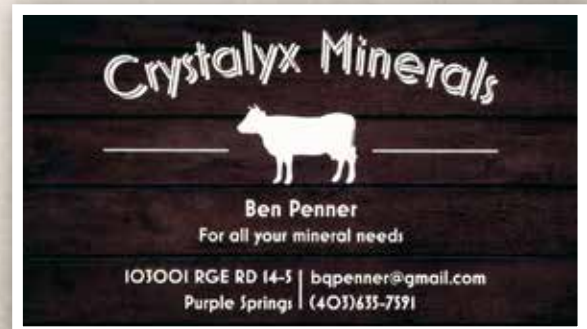

Again this year the sale will be in a heated facility on the farm and all bulls and females will be on display in pens beside the barn the day of the sale. We welcome you to call or stop by to tour the livestock and discuss your purchasing needs, visitors are always welcome. Join us Saturday March 10th for lunch at noon with the sale to commence at 1:00PM. And of course, do not forget, when purchasing your herd bull and replacement heifers selecting *quality* now *counts* when you sell your calves in the fall!

See you on sale day! - The Domolewski's - Doug, Cheryl, Stacey & Becky

Buyer's Draw

All buyers will be entered to win a Henry 22 caliber rifle, based on lot numbers so the more you buy the better your chances! Second draw will be for a tub of Crystalyx Mineral from Ben Penner your local Crystalyx representative.

To take home the day of the sale winner must present a valid Possession-Acquisition Firearms License.

US BUYERS

We will work with all US buyers to have bulls tested, paperwork completed and delivered to the border.

SALE LOCATION: At the farm

1 mile East and 1/4 mile South of Taber, AB - Watch for signs.

SIGHT UNSEEN PURCHASE

If you are unable to attend the sale give Doug, or any of the sale team a call and they will personally go over the bulls and make the recommendations that best suits your program. Your needs will be represented in a very professional and confidential manner.

HEALTH & FERTILITY

All bulls were treated September 11, 2017 with Bovishield Gold 5, Ultrabac 7 Somubac, and Bimectin and on January 13, 2018 with Ivermectin. Bulls have been on Crystalax Mineral-lyx since fall. All bulls are fully tested and guaranteed. Scrotal measurements, semen evaluations and weights will be available on sale date.

DELIVERY OPTIONS

Leaving Bulls at the Farm: If you are not prepared to take your bull home at sale time, we are more than happy to keep them on feed free of charge up till May 1st. We highly recommend bulls be insured by the purchaser if remaining at the farm as ownership transfers to the buyer at time of sale.

Delivery of bulls: We provide free trucking for the bulls up to a 200 mile radius, beyond that we will work with you to have your bull delivered.

Delivery of Heifers: Due to a very limited corral space we require the heifers to be removed as soon as possible. If they cannot be removed sale day, or very shortly after, let us know and we will help you make arrangements.

EXPECTED PROGENY DIFFERENCES - EPDs

EPD's are a tool used to predict how each bull will rate against his own contemporary group and the rest of the Red Angus, Black Angus or Simmental Breeds. A note to remember, EPDs evaluate group average and offspring's performance. They cannot predict individual performance or weights. EPDs are values that predict how the future progeny of an animal will perform relative to the progeny of other animals in the same breed. 2017 Breed averages are:

BLK ANGUS	BW	WW	YW	MILK	TM	CE	MCE

Sired by the 2015 Canadian National Champion Red Angus Bull Calf of the Year and out of a first calf heifer, here is a calf built with performance and muscle mass. 8E comes with an exciting pedigree, crossing the power of Red Shiloh Cannon Fire 8C and the maternal backing of Premier Dams in the Velvet cow family. Adding an outstanding EPD line up as the top 1% for Weaning Weight and Yearling Weight means 8E will be sure to catch your eye.

Sire: Red Shiloh Cannon Fire 8C

RED C.D. GOLD N GOLD 6Z 1660097
RED C.D. GOLDEN GOLD 9'07 1373826

Magnum 227C came to our bull line up being the 'total package' phenotypically and coming from a proven cow family. 27E fits the same mold of his sire as a calf that is stout-made, strong-topped and deep-quartered. Here is a calf that has caught our eye from the start being a balanced and complete package. Here is a sale feature that demands attention with his Herd Bull look.

Sire: MMWK Blueprint 85B

Hybrid Yearling Bulls

Our Hybrid bull program has been created for the commercial rancher who is interested in adding a cross to their replacement heifer pen or steer consignment in the fall. We have found in our commercial cow herd, the females made up of $\frac{3}{4}$ Angus and $\frac{1}{4}$ Simmental are great calf producers and functional in their makeup. On offer are hybrid bulls with that same goal in mind, to add a practical and predictable cross to your calf crop and adding that production cross into your herd, keeping your cows more moderate. This select group of hybrid bulls have been chosen for high weaning weights, tons of muscle mass, easy mobility and a good foot.

Virgin Bull - Wanna know what is more fun than owning a purebred Simmental yearling...owning a purebred Simmental two-year-old. A Red Earth son, a dark red bull known for calving ease, out of a hard working female. Here is a stout-made two year old that is powerful in his makeup and able to cover a lot of ground.

Sale Terms & Conditions

Terms: Terms of the sale are cash or cheque and all settlements must be made on sale date. The right of the property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released.

Disputes: In case of disputes, bidding will be reopened between all parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

Announcements: Errors or changes discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over printed matter in the catalogue.

Certificate of Registry or Recordation: A certificate of Registry or Recordation, where applicable, duly transferred will be furnished to the buyer for each animal after settlement has been made.

Liability: Perlich Bros Auction Market Ltd is acting as agent only in this sale and is not liable in any manner whatsoever for any representations made by the seller. The purchasers must look to the seller for fulfillment of all guarantees and representations made hereunder.

Commercial Open Heifers

Lot: 76 PEN OF 10 OPEN HEIFERS

Consigned by TALL Land & Cattle

A set of 10 uniform Angus cross, solid red females that are the top pick from the replacement pen. This group of functional, March and April select home raised heifers are sired by CD land and Cattle bulls.

Lot: 77 PEN OF 10 OPEN HEIFERS

Consigned by Kast Ranching

Kast Ranching prides themselves in purchasing heifer calves from bull customers of CD Land and Cattle to bring this offering of solid red, Angus females with a 1/4 Simmental. This is the top pick out of over 100 head of commercial heifers.

Commercial First Calf Heifer Pairs

Selected out of the commercial replacement pen, here are a consistent and uniform group of first calf heifer pairs with calves sired by CD Land and Cattle Bulls. Here is a product that helps decrease the work and risk of entering the cattle business or growing your existing cowherd. These January and February born steer and heifer calves are healthy and allows you to see the finished product. No commercial replacement heifers were taken out of this group and all pairs have been managed as one contemporary. We have taken great pride in managing these first calvers and selecting for moderate-made, good momma cows that show longevity in their feet and udders. With these females will come a complete set of health records, calf birth dates and birth weights available sale day or prior to the sale at cdlandandcattle.com. These females will be sold in groups of 5 with the option of taking 10.
