# INTRODUCTION TO OUR 9TH ANNUAL SALERS BULL AND FEMALE SALE

This will be our 9th Annual Sale we have been raising Salers cattle for 29 years. We have tried to improve our herd as we go along by introducing AI from the best bulls available and also through a number of embryo transplants. Almost every buyer comments on the quiet disposition of our bulls, we breed for docility and treat them as gentle as possible.

We and all the other breeders we know are striving for this characteristic, plus smaller frame score, getting the weight from thickness and length. Birth weights are also very important to many of our customers.

We have purchased 2 new electronic scales one for the bigger animals and one platform scale for new born calves. We want to pass on accurate information to potential buyers, we want them to have confidence in our data. Our desire to make the Salers industry great again. Thanks again for your support in the past, we are counting on your support in the future.

Thanks,

John Nikkel

## Yearling Salers Bulls

\*All Bulls have polled sires. \*A group of very gentle bulls, a pleasure to work with.

\*Some of the best bulls we have ever raised. \*Very thick hair coat

\*All vital information is posted in catalogue

\*Bulls are not too fat they have been fed for maximum growth potential, they should work from day one.

(No creep feed, no growth hormones) all natural!
