# Welcome FROM LUST FARMS

It's sale time once again! Time sure does seem to fly by between sales. Our thanks goes out to everyone who attended and purchased at our sale last year. Your continued support of our program is appreciated and gives us the motivation to keep improving our herd year over year.

We remain committed to raising sound, quality 2 Year Old Red Angus bulls. Our purebred herd is treated no differently than our commercial herd. They need to be productive, efficient cattle who can survive whatever conditions Mother Nature throws. We are continually advancing our program with new genetics by purchasing bulls and heifers from progressive Red Angus breeders. Our aim is to have a herd of productive cows who calve unassisted, are structurally correct from top to bottom, have an easy going disposition, and can thrive in the herd for many years. The perfect cow herd takes a lifetime to achieve and we're true believers in the philosophy that if you take care of the cow herd, the bull pen will take care of itself!

We have 33 bulls available this year who have been raised without creep and are grown at a slower pace to allow their genetics to naturally shine. We are constantly evaluating the bulls' development and culling accordingly. We believe you'll be able to find a good cross section of bulls that will suit your needs.

As we don't know what the COVID restrictions will be on sale day, we've made a few additions to the sale to make it easier for you. The auction will be held on the ranch as usual and you are welcome to join us in person Monday, March 8. The bulls will be penned for easy viewing and lunch will be served at noon.

You're also encouraged to view the bulls ahead of the sale and then bid online. DV Auction will be handling the online bidding. If you need any assistance in getting set up, call Sarah Buchanan (306-681-5340) and she'll be able to give you a hand.

We'll also have people available to take your phone bids. Please call us or Perlich ahead of the sale to make arrangements.

Your health and safety is a top priority and we hope to run the auction as "normal" as possible.

We look forward to working with you.

"Bedrock is a bull you can build a herd on!" He was our choice of the Rollin Deep sons on offer in 2015. This \$20,000 calving ease bull has lived up to our expectations and then some. We've been waiting for the right bull to come along who can sire a strong consistent calving ease line of cattle and I think we've found him in Bedrock.

Redemption was purchased in 2017 from Jade & Don MacKenzie of V8U as the 2nd high selling bull. He checked a lot of boxes for us - a desirable birth weight, great performance numbers, born out of a proven dam and eye appeal to spare! We've had three calf crops from Redemption and we couldn't be happier with the results.

Upper Cut is a son out of Six Mile's Smokin Gun sire who caught our eye on sale day. He's an attractive, deep red sire that stamps his calves with the same style and pattern. He's been Mr. Consistency for us. 75 progeny to date that average 83 pounds at birth and come in with an average weaning index of 101. Bulls or heifers, he does both equally well.
