WELCOME TO THE 15th ANNUAL WESTERN ANGUS BULL SALE!

We have worked with Wes & Wendy over the last ten years in conducting their bull sale and we are very pleased to work with them again. The Merrill family's hard work and effort put into their breeding program is evident with this year's lineup of bulls.

Western Angus has a strong reputation for ease of calving, and performance in their bulls. You don't want to miss this opportunity to incorporate one of their top quality bulls into your herd!

Perlich Family & Staff

Welcome to our 15th Annual

WESTERN ANGUS

Bull Sale!

Customers and Fellow Cattlemen,

Welcome to our 15th annual bull sale. We have an exceptional set of bulls on offer.

As always our bulls are functional, sound and ready to work when we drop them off. We never creep feed so our bulls wean off of mama's milk and grass. They are ready to gain, perform and are fed for longevity; not fluff. Our bulls are guaranteed and delivered when you need them.

You will find a mix of many of the new and exciting pedigrees the industry has to offer along with the same tried and tested pedigrees that have left the good ones. As always, we breed cattle that start out small enough but will grow and compete with the exotics. Many of our bulls can be used in heifer programs. Lots of those bulls have enough performance to match many cow bulls.

Backed by a solid cow herd, you will not worry about quality of the replacements you will raise. Our cow herd is our strength. Many of our sires on offer are leaders all across the board on most EPD's; whether carcass, docility, performance or calving ease. We breed for balance; not for extremes in any one category.

Please come early and join us for a visit and dinner. We value your insight and critiques of our bulls. We are happy to answer any of your questions and look forward to seeing you there!

Sincerely,

*Wes & Wendy Merrill,
Kash, Kasey Austin & Tylor*

MATEO & KASH

BEN & KASEY

The Wes Merrill Family
*Wes and Wendy with children
Austin, Kasey, Tylor, Kash,
daughter-in-law Marisa and
granddaughter Brianna.*

*And introducing two new
member to our family:
our grandson, Mateo,
and son-in-law, Ben!*

TERMS & CONDITIONS

CATTLE INSPECTION: All bulls carry permanent identity tags, corresponding to Sale Lot Numbers. All shall be available for inspection prior to sale.

ALL CATTLE ARE SOLD: Subject to such tests as required for export under regulations of the Health of Animals Branch, Department of Agriculture for Canada - those corresponding to Bureau of Animal Industry requirements.

BREEDING GUARANTEE: All cattle are sound and right and sell as outlined by the "Responsible Breeders" policy. Any problems or concerns need to be sent in within 6 months to us for consideration. No bull will be refunded for more than actual purchase price and no animal subject to mistreatment or injury will be refunded. In the event of any unlikely dispute, the regular terms and conditions, standard with the Canadian Aberdeen Angus Association shall apply.

INSURANCE: Ownership risk to purchaser commences when the Auctioneer's hammer falls. Livestock coverage will be available at the clerk's desk from the appointed representatives on Sale Day, or from the sale management at any time.

TERMS OF SALE: Are cash or cheque at par, payable to Clerks of the Sale on Sale Day. U.S. Funds will be accepted at the current

rate of exchange. No release will be given until satisfactory settlement has been made. We reserve the right to withhold animals from export shipment for whom payments have not been received prior to departure times.

ALL PERSONS who attend the Sale do so at their own risk and the Owners and Sale Staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

DISPUTES: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed material in the catalogue.

REGISTRATION: A certificate of Registry or Recordation, where applicable, duly transferred will be furnished to the buyer for

each animal after settlement has been made.

ACCIDENTS: Although every precaution will be taken to protect the safety and comfort of the buyers, PERLICH BROS. AUCTION MARKET LTD. assume no responsibility in this matter and disclaims any liability legal or otherwise in the event of an accident or loss of property.

MAIL BIDS: Mail or wire bids may be furnished in confidential form to: PERLICH BROS. AUCTION MARKET LTD, Box 1057, Lethbridge, AB T1J 4A2

LIABILITY: PERLICH BROS. AUCTION MARKET LTD. is acting as agent only in this sale and is not liable in any manner whatsoever for any representations made by the seller. The purchasers must look to the seller for fulfillment of all guarantees and representations made hereunder.

WESTERN ANGUS reserves the right to collect semen on any bull in the sale at the Seller's expense and the Buyer's convenience.

EXPLANATION OF EPD'S

EPD's are predictions on how each bull rates against his own contemporary group and the rest of the breed. EPD's evaluate group averages and offspring's performance, however they cannot predict individual performance or weights.

For example, if Bull A (WW EPD of +10) & Bull B (WW of +60) were randomly mated with 10 similar cows, we would expect the group avg. weaning weight of Bull A's offspring to be 50 lbs. lighter than Bull B's (60 - 10 = 50).

Angus Breed Average EPD's:

The **BLACK ANGUS** breed average EPD's for all 2018 calves registered:

BW	WW	YW	Milk	TM
+2.3	+45	+78	+21	+43

BW	Birth Weight - expressed in pounds, is a prediction of a sire's ability to transmit birth weight to his progeny.
WW	Weaning Weight - expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny.
YW	Yearling Weight - expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny.
Milk	A predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters.
TM	Total Maternal - 1/2 Weaning Weight + Milk. This index is the expected amount of pounds that a sire's daughters' calves will differ from the breed average assuming the daughters are mated to sires of average genetic merit for Weaning Weight.
